

# The Problem Fixers

The new concierge service for people with busy lives

## Selling Your Home?

Our pre-sale survey will view your home from a buyers' perspective, pointing out the small changes you should make to help your house sell quickly and at the best price.

We will look at your home through buyers' eyes and give you a written report which will list recommended changes in the order of highest visible impact.

- **Garden & Grounds**
- **Garages & Sheds**
- **Decorative Appeal**
- **Remedial Repairs**
- **General Ambiance**
- **Utilities Certification**

We can arrange for any requirements through our database of professional trades; we can even manage the transformation from beginning to end to save you time and hassle.

**Please see what our clients say about us on the back of this flyer**

# Customer Testimonials

## Andy & Helen – Rugby

*Andy & Helen had a problem with a leaking gutter which had rotted their fence, they were working with a limited budget and needed to get the guttering fixed and some fencing replaced*

We would like to say a big thank you to The Fixers for arranging the repairs to our fence; we had tried a number of builders and fencing companies but they all wanted to replace the whole thing which was just too expensive but the Fixers found someone who repaired the fence for a reasonable charge.

## Terrie – Rugby

*Terrie is a busy working parent who needed people she could trust to decorate her home; our trades people completed the works on time and within her budget.*

The Fixers arranged and oversaw decorative work to my home which made things very easy for me as I didn't need to miss any time at work while it happened. The work was very well done and quickly too with no problems and at a reasonable rate. Thank you 😊

## Ted & Gwen Smith – Rugby

*Ted & Gwen were trying to sell their home but potential buyers were put off by some damp patches on the kitchen and dining room ceilings left by a previous leak problem*

We had a problem with a leaking tank in the loft which left some unsightly damp patches on the ceilings of our kitchen and dining room; The Problem Fixers arranged for the problem areas to be sealed and re-painted without the need for either room to be re-decorated. Fixing these damp patches has helped us to have the house ready to sell without costing an arm and a leg. When we move we will use their services again in our new home. Thank you.

## Rod Matheson – Hartshill

Following the death of my Father I enlisted the help of the problem fixers to clear, clean and tidy my Father's house to make it ready to sell. They performed some minor repairs and rearranged the furniture to make it more appealing. The house sold very quickly which I attribute to their efforts; I heartily recommend their services.
